

Standby Generator Systems

Together We Save Energy and Money

Benefits of Owning A Generator System

Our standby power systems are designed to provide peace of mind and keep your life uninterrupted. Lights stay on, the sump pump keeps running, and your furnace or AC keeps your family comfortable.

- ⦿ Standby generator system intelligently powers your whole house, automatically powering what you need when you need it most.
- ⦿ Generator automatically starts when the power goes out.
- ⦿ Sold and installed by Traverse Electric Cooperative.
- ⦿ Financing is available.
- ⦿ From Briggs & Stratton – *The Power Experts!*
- ⦿ Runs on natural gas or LP (provided by others).
