POWER YOUR BUSINESS ON 100% RENEWABLE ENERGY

We're excited to help you reach your business's renewable energy goals! After signing up for our REC program, you'll receive a REC certificate and other promotional materials that you can showcase to your business's customers.

FREQUENTLY ASKED QUESTIONS

What is a Renewable Energy Credit (REC)? 1 megawatt hour produced by a renewable energy source equals 1 REC. RECs are also called Green Tags and they represent the valuable renewable attributes of wind energy.

Do I need to purchase any special equipment? No special equipment is needed. Traverse Electric will fulfill all your electric needs while you enjoy the benefits of powering your home or business with renewable energy.

Where do RECs come from? Our RECs come from several wind farms in our region that supply renewable energy to our cooperative.

How much does it cost to power my home or business on 100% renewable energy? \$1 per MWh. Example: If you use 1,200 kWh per month, participating in the REC program would add \$1.20 + tax to your monthly bill.

Traverse Electric Cooperative is an equal opportunity provider & employer.
